SUMMARY

Highly motivated and detail-oriented **Full Stack Developer** with a strong foundation in both front-end and back-end technologies. Proficient in **HTML, CSS, and JavaScript** for creating responsive and dynamic user interfaces. Experienced in **Core Java, Spring Boot, JDBC, and Python** for robust backend development. Skilled in database management using **SQL** and hands-on experience with development tools like **Visual Studio Code, MySQL, Spring Tool Suite, and Eclipse**. Passionate about building scalable, efficient, and user-friendly applications with a focus on clean code and best practices. Quick learner with a problem-solving mindset and a keen interest in continuous improvement.

PROJECTS

Portfolio

JSPIDERS · github.com/DivyasreeAvvaru2003/CodSoft-Portfolio.git · November 2024 – December 2024
Technologies Used: HTML, CSS, JavaScript
Project Description:
· Developed a **responsive portfolio website** to showcase personal projects, skills, and experience.
· Designed an interactive and visually appealing **UI using HTML and CSS**.

Employee Management System

JSPIDERS · August 2024 – October 2024
Employee Management System
Technologies Used: Java Servlets, SQL, HTML, CSS
Project Description:
· Developed a web-based application for managing employee records using both front-end and back-end technologies.
· Designed a **registration and login system** to authenticate employees based on stored credentials.
· Implemented **CRUD operations** (Create, Read, Update, Delete) for managing employee data as per user requirements.
· Displays employee details upon successful login; otherwise, prompts invalid credentials message.
· Ensured a seamless user experience with a responsive **HTML & CSS** interface.
· Utilized **SQL** for data storage, retrieval, and management of employee records.
· Integrated **Java Servlets** for handling server-side logic and request processing.

Caluculator

JSPIDERS · github.com/DivyasreeAvvaru2003/CodSoft-Caluculator.gitpage.git · May 2024 – June 2024
A simple and interactive **Calculator Application** designed to perform basic arithmetic operations like addition, subtraction, multiplication, and division. Developed with a user-friendly interface, the application ensures accurate calculations and seamless user experience. Implements error handling for invalid inputs and supports real-time computation.

EDUCATION

Master of Computer Applications

Minor in Computer Applications · Malineni Lakshmaiah MBA College · Kanumalla · 2025

Bachelor Of Computer Science

Minor in C, Java, Web Technologies · Sri Gayatri Vidya Parishad Degree College · Kandukur · 2022 · 9.0

Board Of Intermediate Education

Sri Pratibha Junior College · Kandukue · 2019 · 9.11

Board Of Secondary Education

Kesava Vidyalaya High School · Kandukur · 2017 · 9.0

CERTIFICATIONS

Full Stack Java Developer

JSPIDERS · 2024

I got a certification from well-recognised institute.

SKILLS

Front End : HTML, CSS, JAVA Script

Back End : Core Java, Spring Boot ,JDBC, Python Basics

Database : SQL

Tools : Visual Studio Code ,My Sql, Spring Tool Suite, Eclipse

Technical Tools : Advanced MS Excel
